Summary

Logistics

Immediately open for relocate.

Experience

Supply Technician

DHL Supply Chain

Nov 2021 - Jun 2022 (8 months)

Order picker, stock control, inbound

I liked the most inbound, I was coordinating the container unloading team on different products to be stored in predetermined places, but nothing compares to the operations of introducing new products into the SAP Intergamma training for 3 months, I was also doing Quality. I conclude that the skills transcend the fields of activity.

Specialist in the field of quality

FORMENS SRL

Apr 2021 - Jun 2021 (3 months)

Department: Production

Production reviewer

Cristina Fashion Group

Aug 2018 - Aug 2020 (2 years 1 month)

Receiving orders by mail, printing documents

compilation of the order - breakdown of models,

checking the stockpile of the client goods / reception of the goods in order to produce and

solving the discrepancies including by contacting the customers in Italian,

acquisition of auxiliaries on the internal market,

prioritizing the start of production and elaborating the documentation including sampling

concordant re-verification and production tracking

sequential CTC realization, storage lots settlement, dispatch of lots to external.

Seller

ALTEX Romania

Jun 2018 - Jul 2018 (2 months)

I wanted it to be a job in the month of vacation to gain experience in sales and working with the public.

I was employed at the IT district because MS OFFICE is my hobby.
